January 2024

Dear Hiring Manager,

As a seasoned professional with comprehensive experience in Network Management and System Maintenance, I believe my expertise aligns well with your organizational objectives.

My background includes serving Network Engineer for more than 6 years I am adept at implementing security procedures & policies, network and host intrusion deterrence, and access control systems to achieve monitoring compliance and industry best practices. I possess the ability to develop documentation on standards and troubleshoot processes to improve network operations personnel's overall efficiency and productivity.

My demonstrated ability to improve operational and team success and my acute communication and problem-solving skills will contribute immensely to your organization's success. I look forward to meeting you soon.

Thank you for your valuable time and consideration.

Sincerely,

Luis Eduardo Delgado
